A GROWING NEWSPAPER — A GROWING COMMUNITY

Vol. 62, No. 12 CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA 10c per copy Thurs., March 24, 1955

THESE CAMPBELL BOYS, Bob Hoffman, Dave Nelson and Robert Herman are going after a world record on June 11 when representatives of the American Model Plane Association arrive here to supervise an endurance run by these boys using a Ringmaster model plane with a new feeding device which the boys developed. The present world record for sustained flying is eleven hours and thirty minutes held by two boys in New Jersey. Hoffman and Herman expect to run the plane in 15 minute shifts with Nelson as the mechanic and feel confident that the record will not only be broken but that it will run on to 24 hours.

FURNITURE FACTORY CONSIDERS CAMPBELL SITE

No definite action is to be taken by Twin City Manufacturing Company of San Jose to move a furniture factory to Campbell until consent of owners of the Santa Clara Stove Company property is received and also until a favorable report is given by the County building department for some substantial alterations it was learned here yesterday. Negotiations are in escrow awaiting signing by Oakland Foundry Company of Belleville, Illinois.

Tentative plans for the use of the property which is on Railroad avenue at Sunnyside, were revealed Thursday when Mrs. Eleanor Johnson owner of the firm and her attorney, Robert Speed, appeared before the Campbell Planning Commission regarding zoning and were informed present M-2 zoning would qualify their operations.

The company makes high quality furniture and now employs about 25 persons. With expanding operations in Campbell, the plant would probably increase its number of employees. The site covers approximately three acres and buildings cover 19,000 square feet.

Sam Cava, president of the Campbell Chamber of Commerce, said yesterday these negotiations were begun some three months ago and that the Chamber has been active in supplying data. Other industrial firms are interested in sites here and the Chamber is busy doing research work for those interested.

Campbell Variety Show Is All Set For Tonight

With trained elephants, monkeys, clowns, and siamese twins, as part of the Circus theme of the Campbell Variety Show, everything is set to go on stage when the curtain rises tonight on the first of their two night performances.

The show is being sponsored by the Campbell Grammar P. T. A. and will be held tonight, and Friday, March 24 and 25, at 7:30 p. m. in the school auditorium. Tickets are being sold by the students and are available at the door.

Scheduled are singing skits by the students and a band under the direction of Ed Tonini, head of the music department. The men refuse to say what they have planned other than it will be a show stopper, and the teachers have a little number called "Beatrice Kay and Chorus" which should prove to be very amusing.

Some of the other acts to be staged are Sharon Pinza, tight rope walker; Jim Mallman, weight lifter; Hugh Templeton, high diver; Henri Zander and Don Jessel, clowns; Judith Peterson, toe dancer; Gertrude Gillsepie and Diana Cooper, tap dancers; Shirley Matti and Patsy Stevenson, hula dancers; Robin O'Flyng, acrobatic dance; Barbara Ballard, baton, and numerous other acts.

Vocal soloists will be Kay Shoemaker who will sing "Doll's Lullaby"; and Barbara Dike will sing a "Toyland" scene.

Chairman of the show is Mrs. Ed Miller. Mrs. Richard Morton and Fred Sinclair are in charge of staging the acts.

Dover Parents Protest Erection Of Power Poles

When Ernest Ralph presented the current problem of P. G.& E. running power lines through the area when the Dover Home and School club met March 14, Duane Beaubien, principal, expressed the sentiment that being located so close to Dover they would be an exteremly attractive nuisance and a majority of parents voted to send a letter of protest to the Public Utilities Commission and P. G. & E.

During the meeting new by-laws were accepted as standard procedure by unanimous vote. Miss Marilyn Ramey, first grade teacher, explained to parents what is being done toward civil defense at the school and will head the committee to investigate the possibility of a bomb shelter. Mrs. George Buck reported that Mrs. Willis' class was the recipient of a prize for having the most parents present.

The charter is to be presented at Lou's Village May 19 with Darwin Smith of Chicago, representing the International office, being present.

There are 35 charter members among whom is Earl Peterson, now a member of the Santa Clara club. Nominating committee includes Marty Shore, Len Belt and Don Larson.

The other clubs are at Cupertino and at Quito-Saratoga, the sponsoring clubs being Sunnyvale-Los Altos and Campbell-Los Gatos, a joint charter night ceremony having been scheduled for April 16 at Rickey's Studio Club.

Belser Tells Grange Here

1000 New People Each Month Come To County

Prior to opening the business session of Orchard City Grange, Tuesday evening the Lecturer, Josephine Biller, introduced two guest speakers, Karl Belser, head of the Santa Clara County Planning Commission, and Laurance Hill, superintendent of the Campbell High School District.

Belser explained the setup and operation of the planning commission in this county and said the importance of the job is realized by considering the influx of over 2,000 people into the county every month, all of which means new housing projects, schools, school sites, roads, water, flood control and many other problems. It is estimated that at the rate people are migrating into this county, the population will double in a few years and so the planning commission must work with an eye to the future.

Hill explained the A. B. 1 Bill and the 2866 Bill, which is designed to unify school districts. Both bills are important to the county and are linked with the Commission's plans for the future.

When Herbert Shadle, master of the Grange opened the meeting reports were heard from the committees on Gardening and Education, and Farming. Escorted to seats near the Master's station were H. Barnes, state officer; John Gordon, district deputy; Ed Thomas, visiting master; and Melvin Fairbanks. The Charter was draped in memory of C. T. Mathews.

Barnes gave a brief report on State business; John Gordon reminded officers of the special meeting in the new Mt. Hamilton Grange Hall on March 24; Ed Thomas, master of Mt. Hamilton Grange, said Orchard City and neighboring Granges are welcome to use their new hall any time; and Melvin Fairbanks, master of Coyote Grange, invited members to a spaghetti dinner on April 16.

Herb Shadle announced the next Pomona meeting will be at Orchard City Grange in the I. O. O. F. Hall, in Campbell, on April 2. Dinner will be served by the Youth Grange of the County and all members attending should bring their own table service. Mr. and Mrs. Gilbert DeMello, visitors from Smith Mills Grange, Dartmouth, Mass., were introduced and welcomed.

Mrs. Sadie Proctor, H. E. chairman, announced the next meeting will be at the home of Melissa Smith at 139 S. 3rd Street in Campbell, on April 1, and that the Pomona meeting of the H. E. on March 28 will be a 12:30 potluck in East Palo Alto.

Refreshments were served by Bessie Merrill, chairman, assisted by Mr. and Mrs. George W. Lytle, Mrs. Edith Smith, Anna Peterson, Mrs. D. K. Warner, and Will McLaren.

SHERRY KELLY, Campbell High School sophomore who was chosen president of the Student Library Association of Northern California at a conference recently at University of California in Berkeley, attended by over 500 student librarians. A student librarian trained by Miss Muriel Carson, high school librarian, Sherry while at Berkeley was impressed with reading facilities at the college especially references, biography, document laboratory, map room and newspaper files.

Rotary Has Little League Stadium Almost Ready

Billy Wilson, star player on the 49er football team, was guest speaker at Monday's luncheon meeting of the Campbell Rotary Club. Wilson showed films of the 49ers 1954 football season and commented on the various plays. George Miskulin was chairman of the day, and Les Harmon presided at the business session.

Merv Willoughby announced twelve men had shown up for the Rotary work day last Sunday on the Little League Stadium at Rosemary school and that work on the dugout was almost completed. Hal Beatty of Western Gravel poured cement and donated all materials and labor to the project; Doc Arends of Campbell Lumber Company contributed a considerable amount of lumber cut to size. The next work day will be Sunday, March 27.

Six Teachers To Resign; Six Hired

Six teachers of the Campbell Union Grammar School district have indicated they will resign positions among them being Mrs. Yvonne Whitfield who is retiring after six years of service and who currently is teaching a first grade class at Cypress school. Others inlude Charles A. Burton, Patricia Ley, Mrs. Loretta Crockett, Miss Joan Christopher and Roberta Ford.

Appointment of Dorothy Habenich as a temporary teacher has been confirmed by trustees while probationary teachers named include Maureen D'Attilo, Richard Miller, Drury McMillan, Norma Bliss and Eleanor Allen.

JUDGE CRAWFORD CRITICALLY ILL

Judge Paul Crawford of the Campbell township Court is seriously ill in a San Jose hospital and has been unable to be at his desk since March 3.

Hill Says:

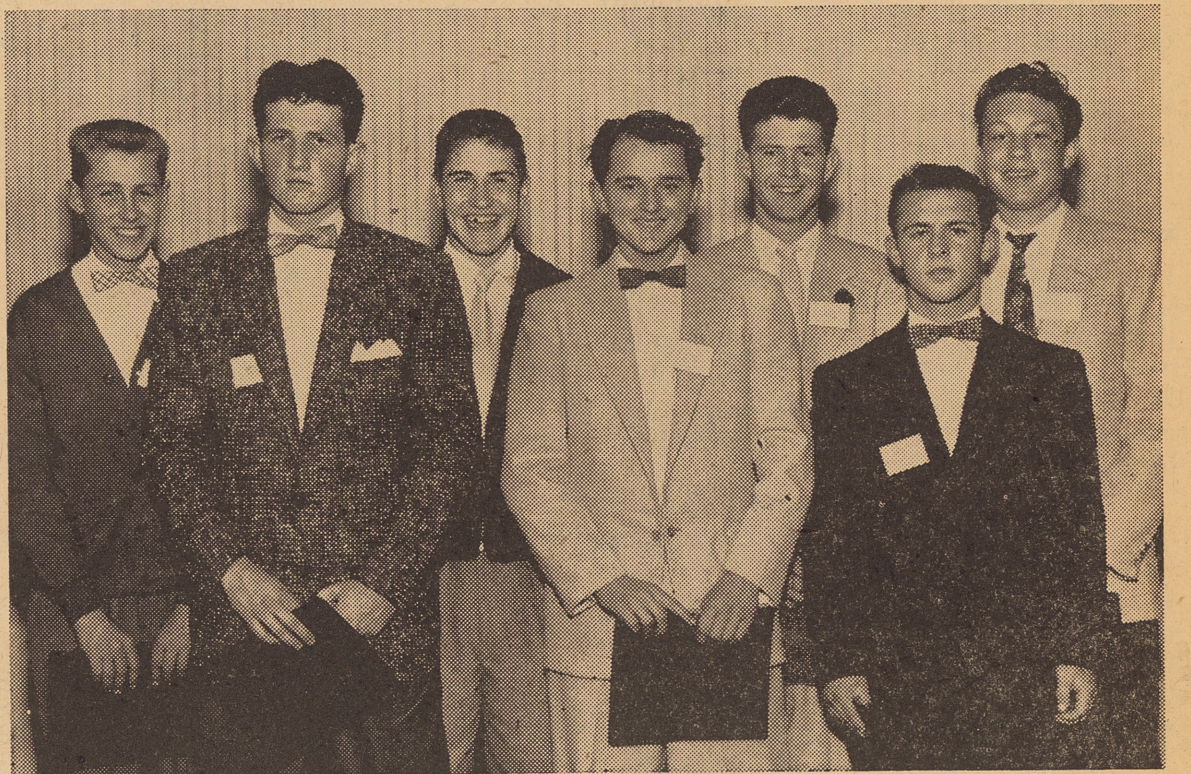
PASSAGE OF ALLEN BILL NOW LIKELY

Whether the Allen bill (AB-1) is to have permanent status without revision, or whether it is to be superceded by the proposed Doyle bill, will be decided shortly in the state lgislature.

Laurance Hill, superintendent of Campbell High School who has followed the committee study on these measures said yesterday he thought the Allen bill will come out of the committee and that it will be given permanent status, but that the Doyle bill with quite a lot of revision will also come out of committee and have precedence over the Allen bill although both will be quite similar in text, the difference being that with one the authority is the city councils while in the other it is the redistricting committee of the school departments.

William Henley, superintendent of Campbell Union Grammar Shool district said he was inclined to think the Doyle bill will be dropped and the Allen bill amended to carry provisions of the Doyle bill as previously eliminated from AB-1. The change may call for boundaries being set by the County Committee for School Organization which now can only suggest school district boundaries.

Henley said he also was interested in Assembly bill 328 which would stabilize 40c debt service tax rate for school bonds. At present the debt service tax is taken out every time money is borrowed from the state, the school being forced to get money from other sources.



....Here are the winners from Campbell High School of gold and silver awards at the Future Farmers of America meeting Thursday evening at the St. Claire hotel at San Jose, front row, left to right, silver award winners John Bamford, Jerry Gomes and Tony LoBue; second row all gold winners left to right, Delbert Herschbach, Frank Mattos, Richard Rice and Gary Steindorf.

PLANNERS STUDY FEEDER ROADS TO NEW WEST SIDE SUBDIVISION

The preliminary map of the proposed annexation of Los Ranchitas tract of 55 acres at the northwest corner of San Tomas Aquina and Campbell avenue was approved by the Campbell Planning Commission, but the land will be taken in as R-1 zoning instead of having the seven acre corner admitted commercial as proposed. After annexation, application may then be made for C-2 zoning of these seven acres, it was pointed out.

It was brought out also that just west of the land to be annexed the Moreland school has a 20 acre site on which a school is proposed to accommodate 1000 students. Land beyond the school site to the west as far as Saratoga- Santa Clara Road is projected as a San Jose annexation. Subdividers told planners Thursday they propose to set up a complete in-tract storm sewer system, build and pave streets and build homes to sell at $13,000 and up.

In plans submitted, Latimer avenue was proposed to be continued across San Tomas Aquino Road and arc over the pie-shaped tract to intersect Campbell avenue about one third of a mile west on Campbell avenue. Commissioners J. A. Tomlinson and Kenneth Priestley objected to this feature on a contention it might make East Latimer a speedway. Planning consultant Nestor Barrett said East Latimer is dedicated as a 60 foot street and is not likely to become used excessively especially so, if and when Hamilton avenue is extended across San Tomas Aquino to the Saratoga-Santa Clara Road, which is now a study project of the county engineering department. Pierce Davies, representing subdividers yielded to this point, so Latimer will end as at present at San Tomas Aquina and there will be only in-tract streets for the safety of children in these 231 new homes.

The project, which already has been approved by the city council for hearing April 25, is part of a 144 acre annexation extending from the present city limits along the north side of Campbell avenue, with one portion of the area extending across Latimer to about Moreland Way. Land is assessed, Davies said, at $440,000 and when improved for building will be worth $750,000.

Planners on Thursday set April 7th as the time for hearing applications of Pearl Schultz and Leo and Barbara Agate for variance on their Sheffield and Leigh Avenue lot, also the variance application of Joe Martin for five lots in Westchester Park and the variance application of Eugene C. Kuehnis to build multiple dwelling units allowing 1500 square feet of parking instead of 2000 per unit on Kuehnis avenue abutting the area zoned for a shopping center on the Los Gatos-San Jose Road south of Hamilton avenue.

Commission gave architectural approval for a 208x169 building to have 33,000 square feet of floor space and adequate parking for Security Enterprises, a medical-doctor building at Central and Hamilton avenues.

Planners also set April 7 as the time to consider initiatory proceedings to rezone property at the northwest corner of Latimer and Winchester Road to R-3-S from C-2-S. They approved zoning of the Payne-Baroni subdivision as R-1 but continued hearing of a 17 acre annex between Virginia, Rincon and Budd.

Old Settlers' Day Variety Show Set For April 2

A preview of a few acts from Ebb Bohn's Radio KEEN "Stars in the Future" variety show which is scheduled to be held at 8:00 p. m., April 2 in the Campbell High School was held yesterday noon for Campbell High students who loudly voiced their approval. The show will be a full two and one half hours of a wide varity of entertainment from the top performers in this area and will include the presentation of the winner of the Queen contest sponsored by student clubs.

Two high school organizations last night named candidates for Old Settlers' Day queens. The El Diablo Club named Gail Gerlach, while the C.S.F. named Carol Foster.

Judging from the talent displayed at the noon assembly the show promises to be excellent. Tony Spino, a 17 year old student from Lick High School, has a voice which should cause all the bobby-soxers to scream with delight," and Sandra Gressio who sang "Let Me Go, Lover" really wowed the audience. Two singing and tap dancing youngsters, Betty Jean, 13, and Bobbie Ratliff, 11, a brother and sister team, are very good in a fast stepping dance routine. Both are pupils of Dorice Andruccetti and have appeared a number of times on TV shows. They do both single and double numbers.

All candidates for Queen have not yet been selected but will be announced next week, when the student clubs have chosen their entrants. The winner will be determined by the number of tickets sold by her club and reign over the three day Old Settlers' Day celebration.

Union School District For San Jose Annex

Union School District trustees favor annexing to San Jose any new school sites. San Jose proposes to annex Union 2 with schools on Carlton avenue and east of Harwood road. The annexations are for municipal services as promised by San Jose.

Trustees voted 4 to 1 on this policy, Dr. W. R. Morgan indicating a distrust in San Jose motives. Dr. Edward Shaw and E. P. Stanley, who based their motions on theory Union can obtain the most benefits from the Allen Bill if it annexes schools to San Jose for municipal services. The board made its decision after talking with Harold Seyferth of the San Jose Planning Commission

Kiwanians Hear Free Trade Debate

A debate on the merits of free trade among friendly nations was a feature of the Kiwanis meeting in the Country Woman's Clubhouse at noon Tuesday with Everett Avilla, a sophomore having the affirmative and Stephen Dunn a junior the negative, direction of James Peabody, coach. Jack Fisher was program chairman.

Six members of the San Lorenzo Club from Santa Cruz County were present including Joseph Grable, club president and Don Busby, Kay Carlson, John Montanari, and J. Earl Adams. The high school guest was Nathan Moleen.

SAN JOSE FIRM IS LOW BIDDER RADAR JOB AT RED BLUFF

The Lew Jones Construction Company of San Jose was lowest among nine bidders for the contract to build an aircraft control and warning station near Red Bluff, their bid being $570,730. The bid figure was about 5 per cent below government engineer's estimate.

Good Friday Closing To Be Discussed Here

Sam Cava, president of the Campbell Chamber of Commerce, and Cel Gerevas, representing the Merchants committee, will meet Friday afternoon at the C. of C. building with women of the various churches to discuss ways and means of distributing posters on the observane of Good Friday to be displayed by merchants and professional men.

The Chamber of Commerce believes there should be some respect shown for the three hour period on Good Friday and this can best be done by merchants and professional men closing their doors and attending the church of their choice. This has never before been tried in Campbell although it has long been a practice in almost every city. With this in view local churches are planning programs for the three hour period between 12 noon and 3 P. M. The observance is being planned not only for Campbell but for Cambrian Park as well.

EDITORIAL

A LESSON IN ECONOMICS

Not long ago the planning commission expressed interest that schools supply a map indicating where new schools might be located in the light of new growth. Of course the pattern changes rapidly in this part of the Santa Clara valley and even school boards can not plan too far ahead, any more than city and county planners can determine potential traffic flow.

Stragely enough, these same points are brought out in a new publication entitled "Planning for Growth," as prepared for the Assembly Interim Committee on Conservation, Planning and Public Works and on which committee Assemblyman Bruce Allen of this District is a member.

It contends that a sound subdivision ordinance will set forth a mandatory referral of subdivision plans to school boards, recreation boards, city and county engineers, fire departments and other operation agencies so that these boards, commissions and agencies may know of impending development so as to gear their operations to the requirements for additional services necessitated by the development of land.

From 1946 to 1953 there were 89,314 acres of agricultural lands in Santa Clara County transferred to other uses. There were 141,658 acres in agriculture in the valley back in 1946. For agricultural purposes, the land will sell for around $800 to $1500 per acre, but for subdivision or industrial purposes the same land will command prices of $4,000 per acre and higher, the report indicates. The sale of 50 acres for a subdivision commands a higher price than if sold for agriculture. So the County Assessor raises the assessment of adjoining agricultural lands on the assumption that the market value is reflected in prices paid for non-agricultural purposes.

The economic picture of the orchardist has changed. He now must pay more taxes on his land because it has a higher assessed valuation. Adjacent subdivisions produce a concentrated population, so new public services are needed such as schools, sewers, flood control measures—so bond elections are held. Eventually, he too must sell.

The two hundred square miles of prime agricultural land is sufficient to provide living area for well over a million people. On a 200 square mile agricultural area, the population would be 40,000, but this same number of people would be able to live on a seven-square-mile area of the same land developed for subdivisions.

Population growth in unincorporated area of the county continues at a high rate of 10,000 persons a year. That means many problems, for population growth is directly related to economic expansion.

Listed above are some of the symptoms—what is needed is some solution, partial or otherwise. Now if provisions can be made to tax the rancher, provisions can also be made **not** to tax him. As long as land is being used for strictly agricultural purposes, there should be consideration given to a special tax structure exempting the rancher from all except what he would pay were he still surrounded by other ranch lands. Otherwise, we'll tax agriculture right out of the Santa Clara Valley!

IS FREE TRADE WISE?

High schools all over the United States are giving more attention to debating teams because some of our national legislators have submitted a question on the policy of free trade among friendly nations. The same question is discussed by these teams, with listeners being asked to express yes or no on the proposition before the debate and again on the same question after the debate. The result then goes back to Washington so the legislators can get some grass root opinions.

Campbell High School debaters discussed the subject before the Kiwanis Club, and brought out strong arguments pro and con. This is good, not only as a training medium for young people, but it informs the public on a subject which vitally concerns America and its economic welfare.

TECHNICAL HIGH SCHOOL OF REAL VALUE

We have listened and read a good deal recently about the problems of San Jose's Technical High School. Educators and the public are concerned by the drop in enrollment in spite of a brand new, beautiful and well-equipped plant just recently constructed, and in the face of a rapidly-growing population. The end result of this problem is an increase in the cost of putting a boy through the three-year program to around $1,000 per year, as compared to the Campbell Union High school district's $300 per year. This explains why so few students from out of the city are being sent, since the differential is so great.

Perhaps a bold step should be taken. We suggest that the San Jose school system approach the county schools on the basis of a much lower per year cost and attempt to boost the average classroom attendance from some 15 to 20 students to 30 or 40 students. If the attendance figure were doubled, we feel that the cost per pupil would be reduced to a figure more in line with what it should be.

We realize that this is an approach to only a small portion of the overall problem, but perhaps it is a key one.

LIKE SANDWICH MEN The Wee-Han-Pa Campfire girls paraded around the business streets Saturday with signs front and back telling of their rummage sale at the Odd Fellows building, but it wasn't until they decided to dress themselves in some of grandma's old apparel that they really began to arouse interest and the net result was they raised over $50 with which to go on an overnight trip, the girls all of the 7th grade at Campbell Grammar School being Barbara Tragardh, Barbara Solituri, Karen Furchner, Marilyn Gilpatrick, Connie Loveday, Carol Ostermeier, Bonnie Fournier, Elain Hecker, Judy Peterson and Shirley Rice, while campfire leaders was Mrs. Herbert Tragardh, with Mrs. Thomas Furchner and Mrs. Owen Peterson as sponsors . . . never underestimate the power of a woman, no **matter how young**, or their resourcefullness.

Campbell Now Has More Cooks

When Mrs. Gleed, Campbell's head cook, came to Campbell High seven years ago, there were only the dishwasher and the cook; now there are nine women working in the cafeteria and thirty-five students helping at lunch time. When sixty lunches were sold in the years past, that was a good day. The cafeteria workers are now selling ten to eleven hundred lunches daily.

The meals are planned according to the wishes of the students. The cooks look over the menus of the meals that have been served in the past months and see what meals the students have liked best and then plan future meals. "Very seldom is any food left over", said Mrs. Gleed.

Uniform Sales Tax Issue Coming Up At San Jose Meeting

Pending State Legislation on a proposed uniform local sales tax, highways, water conservation and proposed employment insurance benefit increases—are among the many subjects to be examined by some 300 business, civic and farm leaders to morrow in San Jose.

The meeting, sponsored by the Central Coast Council of the California State Chamber of Commerce, will be held at the Hotel Sainte Claire, beginning at 10 a. m., according to Frank M. Shay, San Jose, regional vice president of the Council.

"One of the purposes of the conference," Shay said, "is to afford northern California businessmen an opportunity to get together, discuss, and make recommendations on pending legislation. With nearly 6,000 bills to consider, we hope to be of assistance to the legislature by rounding up the best thinking of business and farm leaders on issues that affect California's economy," he added.

Legislation covering uniform local sales taxes will be another pivotal issue before the legislature this session. The proposed measure would allow the State to collect another one percent sales tax, allocating it back to the cities on the basis of its collection at the point of sale. This subject will be discussed before the forenoon session of the Council's taxation committee. The speaker is F. B. Magruder, San Francisco, tax commissioner for the Southern Pacific Company.

The Council's Highway Committee, another one of the six concurrent morning sessions, will hear reports covering pending State highway legislation as well as developments on the multi-billion dollar Federal highway program. Speakers are Jack Spencer, San Francisco, director of public relations for the California State Automobile Association and Loran C. Vanderlip, Highway Committee secretary and Legislative Representative for the California State Chamber of Commerce.

LOCAL TELEPHONE COMPANY EMPLOYEES INVENT TROUBLE DETECTOR

Operator Mildred Burch looks on while Roger Plyer and Bill Jensen, local telephone men, work on Sam, Jr., an electronic device they invented. It took Plyer and Jensen four months to build Sam, Jr., and it took many more months to work out all the bugs before it could effectively be used. It can check lines at the rate of 900 lines per hour. Sam, Jr., spots "wet weather" trouble where water has seeped into wires and cable through the protective sheathing. When trouble is discovered, Sam, Jr., automatically punches out a special piece of tape indicating where the weak spot is located. Sam, Jr., was named after Sam, a robot some telephone men once saw in a movie. Partly because of their invention, Plyer and Jensen have won promotions to the company's Chief Engineer's headquarters in San Francisco. Techncnians at the Bell Laboratories in New York have the blueprints under study to see if the machine can be adopted for use by telephone people across the country.

Y.L.I Planning Barn Dance

Mesdames Anthony Budalich Leo McGinty were initiated into the membership of St. Lucy's Institute 204, Young Ladies Institute, in ceremonies conducted March 17 at St. Lucy's School by Mrs. Wesley J. Stockdale, president of the organization. Decorations and refreshments were in keeping with the St. Patirck's Day theme, and initiates were presented with daffodil corsages.

At the business session following the initiation, Mrs. Ray Martin announced that she had selected her committee for a May 28 barn dance at Alpine Hall in San Jose. Footlighters Toy With 'Sugar Daddy' Playlet

Two work-shop plays were presented to Footlighter members and guests in the Little Theatre of the Campbell High School with Budd and Ida Levenberg and Marian Nelson in charge.

The cast of "The Brave Shall Serve", a one-act drama, included Alice Jones, Pat Kutzner, Lucille Corvello, Verd Romer, Bert Pye and Harvey Sheeder with Marian Nelson directing.

Ida and Budd Levenberg and Phil Cosentino gave a fine presentation of the lively one-act comedy "Sugar Daddy", with their own ad lib humor into the play.

Among guests present were the parents of Marian Nelson who were visiting their daughter. Their home is in Minnesota and needless to say they were enjoying our California sunshine. Refreshments were served by the Chamberlins and Lanphears.

Footlighters today are in rehearsal for the three-act play "Good-bye My Fancy", under the direction of William Chestnut. The play concerns the story of Agatha Reed, a successful Congresswoman (played by Pat Meiss) who, after twenty yars, has returned to her Alma Mater for an honorary degree. Her homecoming is in direct contrast to the fact that she had left college just before graduation under circumstances which, because she would not explain a situation to the college authorities, had caused her expulsion. Chuck Heddy is taking the part of Matt Cole, a more-or-less happy-go-lucky Life photographer who has been in and out of Agatha's life for the past twenty years and at the time is determined that she shall not slip away from him again. Dr. Merrill is being played by Bert Legg. He is the man whom Agatha had been in love with at the time of her expulsion from college and he has since gone on to become president of the college. Others in the cast are: Carol Mesa, Renee Cox, Ida Levenberg, Greg Parker, Budd Levenberg, LBen Howard, Phil Cosentino, Margaret Leick, Alma Fanning and Betty Legg.

"Good-bye My Fancy" is scheduled for production April 22nd or 23rd and tickets sales will be annonuced within the next few weeks.

Around The Clock Fashions Shown At St. Lucy's

Deep cuffed necklines, full skirts, sheath and long torso dresses with huge bows accented Spring styles shown at last Thursday' "Around the Clock" fashion show presented by mothers of St. Lucy's School. Fashions suitable for all occasions from morning til evening were modeled by both mothers and children who stepped through a huge clock to begin their stroll down the flower lined ramp. Commentator was Mrs. Helen Billington.

Poodles on leashes accompanied some of the more sophisticated models while a number of small children either clutched stuffed animals or were led reluctantly down the ramp by an older brother or sister while showing the latest thing in play, beach and party wear for small fry.

A number of dresses were of polka dot or checked material in nylon and orlon with full skirts over stiff petticoats. Many featured the long lean torso look to mid-hip and broke into full skirts below. Others were slim sheaths stylized with huge puffy bows or side drapes. Also noted were pastel plaids with wide boat necklines. Each costume was complete with matching hat and shoes. Bringing comments of approval from the crowd were Opera and formal gowns of white and pastel nylon net; some glittering with sequins.

The affair opened with a luncheon served at 12:30 noon and was followed by the fashion show at 1:30. Midway in the showing door prizes were awarded and a musical program presented by violinists Yvonne Rappe and Janet Meckler.

Chairmen of the event were Mesdames J. Levenberg, R. Orsi, E. Grossheider, N. Corvello, E. Jones.

Models were Mesdames John Ferrari, Ronald Hindley, Eldridge Schubert, Helen Duffey, Thomas Connolly, Sheila Gerevas, Alfred Cebrian, Fred Smith, Ward Johnson, John Kay, Charles Owen; the Misses Alice Jones and Ellen O'-Hearn.

Children modeling were Kathie Frick, Terri Orsi, Joan Triplett, Ronnie Oster, Joseph Aiello, Marie Olmetti, Kathie Lesar, Patrick Cusick, Karen Duffey, Kathy Triplett, Michele Hannon, Linda Kent, Kathy Bush.

Country Women Hold Men's Night

One of the many pleasant social events of the Spring season was the annual observance of "Men's Night" by the Country Woman's Club, held in the club room Monday evening, which was enjoyed by some ninety participants. Mrs. Lloyd Brown, club president, voiced the welcome of the club to the men guests, after which the Doxology was sung. Chairman of the evening, Mrs. Wyland Morgan, presided, and introduced the program entertainers.

Gene Gamez, instructor in Spanish at the Campbell Union High School who made a trip to Europe this past summer, described some of the cities and his experiences chiefly in Spain. Wearing a dapper Spanish costume he demonstrated a few typical steps of the Spanish dances.

A well known trio of the High School faculty, which for some numbers became a quartet with the addition of another faculty member, sang two groups of loudly applauded "Hill-Billy" folk songs. The group included Kenneth Brown, Lawrence Newberry, Charles Stevens, and Arthur Broadbent.

The committee assisting Mrs. Morgan were Mesdames D. W. Clark, D. F. Hartman, G. R. Newcomb, James Gleed, Sherman Lombard, Klaude Block, and Roy Stoner. They arranged the bouquets of Japanese flowering crabapple and the table decor using smilax, camellias and white candles.

The turkey dinner was prepared and served by the ladies of the Church of the Good Shepherd of Willow Glen.

Dover Parents Protest Erection Of Power Poles

(Continued from Page 1)

Cub Scouts of Den 1 opened the meeting with presentations of colors and led parents in the pledge of allegiance. Mrs. David Willis' second grade sang several songs with solo parts being sung by Gail Stevens, Susan Gillespie and Michele Fisher. Bill Rasmussen was announcer for the group.

Mrs. Norval Ingram, third grade teacher, began the discussion on how arithmetic is taught by demonstrating new sources of counting aids and explained the progression of math from kindergarten through the primary grades. She said that various means of instruction are employed so that if a child fails to grasp the idea of one method another is used. Mrs. Melvin Fairbanks, teacher of combined third and fourth grades, continued the arithmetic discussion by pointing out that this subject is least liked by the child and it is the one which holds the most children back. Consequently, it is a real challenge to the teacher to intrest the child and many visual aids are used.

At the close of the session Mrs. Arthur Stephenson was presented a china dyed mink stole, for being the lucky recipient of the annual capital door prize. Homemade apple pie and coffee were served by Mrs. Norval Ingram's third grade mothers.

Old Saratoga Spa To Reopen

Opening of a new recreation resort and picnic park in the Santa Clara valley area was announced today by Stub Stollery, former public relations director for the Henry J. Kaiser Company and Bay Area newspaperman.

The new park will be located on Big Basin Way, two miles west of Saratoga, on the property formerly known as Long Bridge.

The new resort will be known as Saratoga Springs and comprises 100 acres situated on two everflowing streams. Stollery has leased the property for ten years and plans an extensive improvement program.

Saratoga Springs will open for the 1955 summer season and construction of a new swimming pool and other entertainment facilities is already underway.

The Long Bridge property owned by Mrs. Henry Rispaud, member of a pioneer Santa Clara County family, is the former site of th first saw mill in the area, dating back to the "gold rush" days when timber was almost as valuable as "dust" and Saratoga was known as McCartysville.

Old Shasta, six miles west of Redding, was settled in 1849 by miners from the American and Feather Rivers and emigrants from Oregon.

The first telephone exchange in California was established at San Francisco February 17, 1878.

Bucs Gain 10-9 Victory Over Willow Glen Ram

The Campbell High Varsity baseball team won its fourth game of eight starts by defeating the Willow Glen Rams 10-9 Thursday, March 17, on the Buc diamond. The Rams took the lead in the second inning by scoring 8 runs. Campbell had scored two runs in the bottom of the third when Pete Castellanos came to the plate with bases loaded and no outs. Pete smashed a home run to put the Bucs back into the ball game. In the top of the fourth the Rams scored another run. Don Fields slugged a single into center field and Ron Citta brought him home with a home run over the center fielder's head to tie the score at 9-.9

After this Willow Glen settled down to a very determined ball game. Despite this, the Bucs pushed across one more run in the bottom of the sixth. TWO FROM CAMPBELL ELECTED TO COMMUNITY WELFARE COUNCIL

At the annual meeting of the Community Welfare Council in the Y. M. C. A. at San Jose on Tuesday, Miss Carolyn Coons and Mrs. Dorothy Ellis both of Campbell were elected to three year terms along with Neal Hammond and Ed Ryan as new directorate members and Mrs. M. H. Burns, Don Fuller, Mrs. Bert Gale and Ellis Howard re-elected for second terms.

Walter Gipe of Santa Clara, an official with Owens-Corning Fiberglass Corporation, was elected president to succeed Lawrence Appleton, San Jose. Other officers elected were Mrs. Eugene Andres, elected were Mrs. Eugen Andres, Jr., vice-president for social research and planning Tom Faust, vice-president for public relations and S. E. Beritzhoff, treasurer.

The Campbell Community Area Service Council Fund was disbanded in January and by vote of the directors, its functions were to be performed through affiliation with the Community Welfare Council of Santa Clara County, two from Campbell to serve on the board. The action at the annual meeting Tuesday was in keeping with this arrangement.

In the annual report on Community Welfare Council, Appleton declared that the Council is "concerned primarily with people" and pointed out that Council provides the organization for raising the funds which makes it possible for Red Feather agencies to render a wide variety of services to people.

"During 1954, in terms of people, the Red Feather's children's care agencies provided services totaling 69,760 days care for 729 children", Appleton said.

"The relief agencies provided 25,427 meals and 6,816 lodgings for 3,280 individuals. Through PTA milk funds, 915 children were given 16,375 pints of milk; 40 received eye glasses, and 28 received dental care.

"Group work agencies served 32,713 boys and girls during the year—a total attendance of 805,968. Family Service and Mental Health agencies gave treatment and counseling to 2,238 individuals, requiring 8,646 personal interviews.

"In building-centered programs, 857 outside groups used facilities for 2,752 sessions with a total attendance of 137,350."

Carol Hansen In Speaking Contest

Final speaking contest of the United Nations Pilgrimage For Youth will be held in the Saratoga Odd Fellows Hall tomorrow.

Two students, Carol Hansen from Campbell and the other from Sunnyvale, will compete for the trip by chartered bus to New York City in June-July, spending the week at the Claridge Hotel on Times Square, with guided tours of the United Nations Building, involving briefings on specialized agencies and departments, explantions of systems of interpretation into the five official languages, attendance at sessions of Trusteeship Council, Security Council, visits to headquarters of delegations of various member nations and interviews with students of many lands at famed International House. Opportunity will be afforded to visit such places as Washington, Mount Vernon, Baltimore, Valley Forge, and Philadelphia.

The United Nations Pilbrimage For Youth is sponsored by the Sovereign Grand Lodge-Association of Rebekah Assemblies, Independent Order of Odd Fellows, and is open to young people ages 16-17, Juniors or Sophomores in high school, sponsored by Odd Fellows and Rebekah lodges through the local high schools. Qualifications are not only based on the best essay or talk, but such features as character, leadership, interest in community and world affairs, scholarship, physical condition and general willingness to participate in the project.

This program for youth by the IOOF has attained such broad scope and popularity throughout the United States, Canada and Hawaii that nearly 500 boys and girls make this Pilgrimage to New York each year, some 2500 in the past five years. Delegations are expected this year from Holland and Cuba, and other regions under the international aspect of the Order will soon be ready to take part, which includes Canada, Iceland, Australia, Nova Scotia, The Netherlands, Norway, Sweden and Switzerland.

Mrs. Gladys Ramos of Antioch is in charge of arrangements, the principals of Campbell and Fremont high schools, with John Cody, speech teacher of Los Gatos high schools, acting as judges.

Cupertino Wants To Get Off The Chopping Block

Papers were filed yesterday with the boundaries commission for the proposed incorporation of Cupertino embracing a three square mile area having a population of 1800 people. Warner Wilson, co-chairman of the Cupertino-Monta Vista Improvement Assn. said yesterday they simply have to protect themselves from the chopping block annexation operations of San Jose, Santa Clara and Sunnyvale.

Vaccinations For Polio Approved

Preliminary planning for the vaccination of some 500,000 California first and second grade school children against the paralyzing effects of poliomyelitis has been drafted by state and local health officers, it was announced today by Dr. Malcolm H. Merrill, state health director.

Procedures and steps necessary to assure the immunization of every first and second grader against paralytic polio were explained to local health officers in regional meetings held by the State Department of Public Health in Berkeley, Riverside, Sacramento and Fresno.

Dr. Merrill emphasized that planning is being advanced on the assumption that current evaluation tests taking place at the University of Michigan will prove the Salk polio vaccine used in the 1954 field trials to be effective. The result is due April 1.

"Since the three-shot vaccination program must be completed before school is dismissed for the summer, it is essential that state and local health departments complete administrative planning and set up immunization centers on an 'If' basis", said the director.

"Parents need have no fear about the safety of the vaccine," continued Dr. Merrill, "because it will not be distributed nor used in California unless licensed by the federal government for commercial manufacture and sale."

To Begin A New Coding System

Starting in April, the Campbell Grammar School District will inaugurate a new I. B. M. system of budget coding which will be handled through the office of the County Superintendent of Schools, and will include the payroll of all personnel and teachers, according to C. E. Bradley, business manager of the school district.

The new system is designed to eliminate a great deal of paper work and to simplify a breakdown of the budget into a card system. At the present time the school district uses a dual system of bookkeeping, one for itself and one for the county.

Bradley said Campbell was picked to start this new method because it is the largest school district in the county and is to be a sort of guinea pig to help eliminate any "bugs" in the system. If the method is found to be successful it will be adopted by all other school districts.

BUCS OPEN BASEBALL SEASON WITH SANTA CLARA TOMORROW

Coach Mel Stein's Campbell High School Varsity Baseball Nine plays its first 1955 Santa Clara Valley Athletic League Contest at Santa Clara this afternoon. The Buc baseballers won 9-8 from a tough Willow Glen team on the Campbell diamond last Thursday.

This Week's Big Games

CAMPBELL at Santa Clara
Mt. View at James Lick
Los Gatos at Fremont
Washington bye

The Bucs seem to have found a strong combination of tight pitching and long ball hitting. Both Rex Kendall and Bob Ulloa look good as pitchers; Kendall is also a powerful slugger, having hit three for four in three of this Spring's exhibition tilts. Infielders Ron Citta and Phil Arman, both veterans, were expected to pound the long ball, but Stein has also been pleasantly surprised to find that Pete Castellanos and Matt Musladin are hitting home runs. Citta, Castellanos, and Musladin all drove in runs with four-baggers in the Ram game, forcing Willow Glen nine to blow an eight run lead!

Fremont, which easily won the SCVAL title last year, again looks like the nine to beat in 1955 but they may be pressed by James Lick and the Bucs. Fremont's new varsity baseball coach, Ralph Kling, has last year's SCVAL batting champion, Charles Maraldo back for another year of action, a tight infield built around Joe Martinez and Jerry Palma, and a clever pitcher in Kermit Kowalk.

James Lick also has an experienced nine built around Tom Hunt, a slugger who hit long home runs in both the first and second innings when the Comets defated Live Oak High 9-2 last week. Going into today's action, Lick has won five of seven exhibition tilts, due to strong pitching by Harmon Johnson. Perhaps the most important game in the SCVAL baseball schedule will be played next Thursday when the Comets host the Indians of Fremont. Unfortunately, Campbell will have to play Fremont at Sunnyvale on April 14th, but they host the Comets in a home game late in the season, on May 5th.

It is predicted that Santa Clara, Washington and Los Gatos will be also rans, again this season. The Panthers are inexperienced, but that was also true of their surprising Varsity basketball squad, which came up out of nowhere to cop the SCVAL title.

Cambrian Cub Pack Mav Add Dens After Session Tomorrow

An open house meeting of Cub Pack 10 is to be held tomorrow evening in the Cambrian Park cafetorium at which parents of Cambrian children of the 8 and 9 year level, seeking that their children become cub scouts, are particularly invited. Plans are to be offered to establish dens to take care of the increasing numbers of children expecting scout training. Parents may also see some of the various activities of Cubs.

At a recent meeting of the committee at the home of Mr. and Mrs. Henry Schatmeier, den mothers present included Mary Georgem, Connie Cloyd, EllaMae Wickliffe and Lorraine Gerin, while committeemen attending were Arch Kennedy, Tom Williams, Garland Bachmann and Albert Handley.

Campbell Banks On Mike Profit In Track Meets

Mike Profit the Campbell High School ace shot putter looms today as the outstanding contender for points when the Santa Clara Valley Athletic League track and field meet is held May 6 and the North Coast Section finals are held May 21 at Berkeley. Profit has heaved the shot 52 feet, 1¼ inches and is only a sophomore. Last year as a freshman he put the shot 50 feet to set what coaches believe to have been a record heave for a high school freshman.

In inaugural meets Santa Clara is to meet Campbell here, while Fremont takes on Los Gatos, James Lick takes on Mountain View. Ken Stryker of Los Gatos is another standout performer in the 440 and in the broad jump, while Mountain View has John Aguilar who runs the 100 in 10 flat, 15.1 in the high hurdles and 20.3 in the low hurdles. Monte Nielsen has done 10.2 in the century for Campbell.

Spikemen Meet Los Gatos

Tomorrow the Campbell thinclads meet the Los Gatos Wildcats in a league meet starting at 3 o'clock on the Los Gatos track.

Last year the Wildcats proved to be no hill for the high stepping Bucs, but being bolstered by a strong B team the Wildcats should be considerably stronger tomorrow.

Outstanding Varsity performers in the recent San Jose High meet were Mike Profit in the Shot put, Rod Sprecker in the Hurdles, and Monte Neilson in the sprints. Mike Profit put the shot over 50 feet, Sprecker won both hurdle events, and Monte Neilson churned a speedy 10.2 hundred yard dash.

Outstanding in the B class was freshman Gregg Hoffman. Hoffman broke the interclass record for the 660. A few events later he ran a close record in the grueling 1320 yard distance race; a lot of running and a lot of credit

Campbell High Future Farmers Win Gold Medals

At a banquet held (Thursday evening) in San Jose at the Sainte Claire Hotel, four Future Farmers from Campbell Union High School were named gold award winners in the Santa Clara Section of the annual F. F. A Farm Program Competition. The boys are: Delbert Herschbach, Frank Mattos, Richard Rice, and Gary Steindorf. Three other Future Farmers from the same school received silver award certificates. They are: John Bamford, Jerry Gomes, and Tony LoBue.

The awards banquet, sponsored by American Trust Company, with Fred Oehler, head of the bank's San Jose Office, acting as host, was the climax of the 1955 Farm Program Competition. The Future Farmer program had a record participation this year of 3,590 boys from 71 Northern California high schools.

The first phase of the program came in February, with Future Farmers competing in their own schools. Boys whose farm projects were rated highest then entered the sectional competition with winners from other schools. The bank is holding eight awards banquets this month to honor the winners of the eight sectional competitions.

Last night's banquet, with 125 in attendance, was opened with an invocation by John Hernstedt, a Future Farmer from Los Gatos High School. Ellis A. Howard, Manager of the bank's Santa Clara Office, was master of ceremonies.

The principal speaker was Joseph L. Gabriel of Hollister. His subject was "Meeting the Challenge as Future Citizens". The awards presentation was made by Ralph Gilman, Agricultureal Representative of the San Jose Office of American Trust Company.

Guests included the 55 F. F. A. award winners from San Jose, Gilroy, Morgan Hill, Los Gatos, Campbell, and Sunnyvale.

Attending from Campbell were Art Mayo, banker, Dean Chambelin and Al Smith, educators and Cliff Cassiday, newsman.
